

EYESHOTS Kick-off Meeting

Date: 7-8 March 2008

Venue: Department of Human and General Physiology, University of Bologna

Program Agenda

Friday March 7th, 2008

9:00 – 9:30		Welcome and introduction. Project overview	S. Sabatini
9:30 – 12:50		Tutorial session (50min + 10min [Q&A], each)	
		▪ <i>Vergence and disparity</i>	
		▪ <i>Eye movements and stereo vision</i>	
9:30 – 10:20		T1: Models of Saccadic Motions	G. Cannata
10:30 – 11:20		T2: Cortical Architectures for Dynamic Stereopsis	S. Sabatini
11:30 – 11:50		<i>Coffee break</i>	
11:50 – 12:40		T3: Active stereopsis	M. Van Hulle
13:00 – 14:00		<i>Lunch</i>	
14:00 – 18:00		Open discussion	
		Workpackages. People involved. List of commitments, WP interactions/subgroups. Resources used/needed/available. Related experimental set-ups and platforms.	
18:00 – 19:00		▪ Admin issues.	
		▪ Project management: timings and communication strategies	
		▪ Dissemination issues (web-page, summer school, ...)	
19:30		<i>Dinner</i>	

Saturday March 8th, 2008

8:30 – 12:50		Tutorial session (50min + 10min [Q&A], each)	
		▪ <i>Attention and saliency, goal directed behaviour</i>	
		▪ <i>Perception of 3D space for action</i>	
		▪ <i>Arm-eye coordination</i>	
8:30 – 9:20		T4: Attention and 3D-Object Recognition	F. Hamker
9:30 – 10:20		T5: tbd (Perception across eye movements)	M. Lappe
10:30 – 10:50		<i>Coffee break</i>	
10:50 – 11:40		T6: tbd (Joint visuo-motor features in the parietal cortex)	P. Fattori
11:50 – 12:40		T7: tbd (Vision-based reaching in robotics & neuroscience)	A. del Pobil
13:00 – 14:00		<i>Lunch</i>	
14:00 – 18:30		Open discussion	
		▪ Workpackages. People involved. List of commitments, WP interactions/subgroups. Resources used/needed/available. Related experimental set-ups and platforms.	
		▪ Links with related projects	
18:30		End of meeting
